

## About Me

I'm a developer with over 2.5 years of coding experience in backend development. During this time, I've worked on projects and gained a understanding of programming. I'm constantly seeking new challenges and opportunities to expand my skills and knowledge.

## Objective

I'm deeply passionate about working in the fields of AI and cybersecurity. I am eager to contribute my skills to a dynamic team that values innovation and problem-solving. I am excited to explore new opportunities in this exciting and evolving industry.

Developer

## Experience

AI Engineer  
July 2023-Present

As an AI Engineer at Swag-Kicks, I am actively involved in the development and implementation of machine learning algorithms and models. My contributions to AI-driven projects have not only enhanced product features but have also improved user experiences. I collaborate closely with cross-functional teams to drive innovation and achieve our goals.

Digital Marketing  
June 2022-Jan 2023

I've worked on diverse NFT projects, using social media and community engagement to generate excitement and wider recognition.

Teaching  
August 2019 - January 2021

During my time at The Nation Public School, I had the opportunity to teach Computer Science to secondary level students in both lab and theory

## Education

Bachelor in Computer Science  
PAF KIET North Campus  
Karachi  
2021-present

Intermediate in Pre-Engineering  
For Women Nazimabad  
Karachi  
2018-2020

Matriculation in Science  
S.M Public Academy  
Karachi  
2017-2018

## Achievements

Pakistan Day 2022  
Runner-up for Speed Programming Competition in KIET Technology Pakistan Day.
